New Treatment

Dermaplaning

Dermaplaning is an exfoliation treatment that involves gently scraping the face with a medical-grade scalpel to remove the very top layer of skin. The shave removes both dead skin cells and the fine vellus hairs that are known as peach fuzz, as you are left with glowing healthy skin

Dermaplaning facial R400 ±40min

Galvanic Treatments CMS-Physio^{MV}TM

R560 per treatment 80min
